ABOUT WIPE-IT

Welcome to Wipe-it (Pty) Ltd, your trusted partner in hygiene excellence.

Since our inception in 2002, we've evolved from a mere supplier to a beacon of quality and service in the paper and hygiene market. Our journey has been one of relentless growth and unwavering commitment to exceeding industry standards.

Since 2002, Wipe-it has grown from strength-to-strength and has become a formidable competitor in the paper and hygiene market.

We want to meet you!

For any inquiries or to start a partnership built on trust and reliability, don't hesitate to reach out to us. **We're here to foster enduring relationships and deliver excellence, one wipe at a time.**

Experience the Wipe-it difference!

Contact us to discover how we can elevate your hygiene solutions.

Visit our website at www.wipe-it.co.za

Why Choose Us?

*At Wipe-it, we prioritise your satisfaction above all else.
Here's why discerning customers like you choose us:*

Our Vision: We aim not to be the biggest, but the best. With a focus on quality, innovation, and customer satisfaction, we're committed to raising the bar in the paper and hygiene industry.

Comprehensive Product Range: Discover a diverse selection of paper and hygiene solutions tailored to meet your every need.

Exceptional Service: Count on us for prompt and accurate deliveries, ensuring your orders are fulfilled seamlessly, every time.

Customer-Centric Approach: Your success is our success. We believe in fostering strong partnerships to achieve mutual growth and prosperity.

Passionate Team: Our team's dedication and "can-do" attitude set us apart. Experience first-hand the commitment that drives us to exceed your expectations.

Our Manufacturing Expertise: With globally-sourced cutting-edge machinery, and partnerships with top-tier tissue manufacturers like Sappi and Mthembu Tissue, we ensure our products meet the highest standards of quality and sustainability.

Our Commitment to Sustainability: Aligned with Sappi's "Triple Green" ethos, our virgin paper products **adhere to stringent environmental and quality standards**, ensuring compliance with FDA regulations, ISO certifications, and FSC guidelines.

Continuous Innovation: We refuse to settle for mediocrity. Our dedicated team is always **striving to enhance our products and services**, setting new benchmarks in the industry.

Our Supply Capacity: With a robust stock inventory and an average supply capacity of 1 500 tons per month, we assure you of **consistent availability and swift turnaround times**. Moreover, our ongoing expansion plans will further enhance our capacity to serve you better.

- ✚ 42 gsm, virgin paper (*low lint*)
- ✚ Individually wrapped rolls
- ✚ **Towel can be autoclaved**

LARGE MEDI TOWEL

MED01

- ✓ Width: 508 mm
- ✓ Sheet Length: 440 mm
- ✓ Rolls per Box: 9
- ✓ Weight: 8.0 kg

SMALL MEDI TOWEL

MED02

- ✓ Width: 254 mm
- ✓ Sheet Length: 440 mm
- ✓ Rolls per Box: 18
- ✓ Weight: 8.0 kg

Suitable for use in various industries.

Maintain high hygienic standards across different industries with our strong, absorbent, disposable and reliable high quality medical towels.

Are you ready to experience a new level of convenient hygiene?

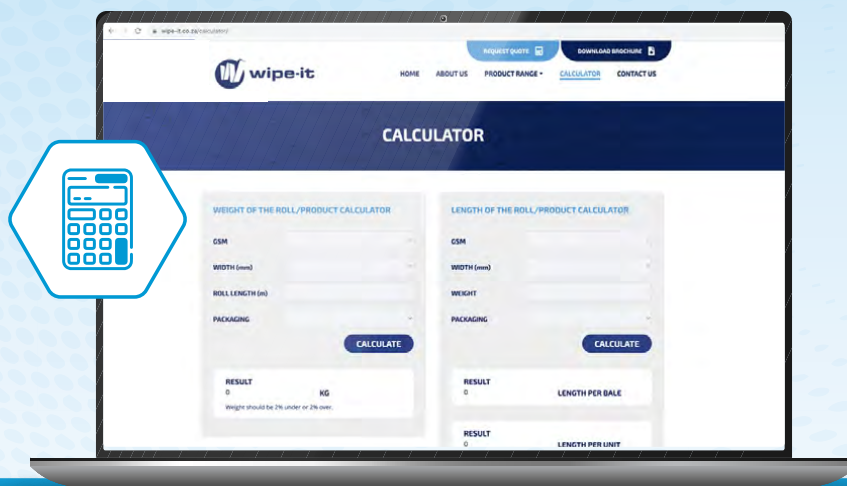

DREAM BIG. MEASURE TRUE.

Because size matters to us, and to you.

Every detail counts when it comes to tissue excellence, right down to the weight of a roll.

That's why we've created the Roll Calculator, a simple tool that helps you verify roll weights and lengths, ensuring the quality you expect is exactly what you receive.

Visit www.wipe-it.co.za/calculator to try our online calculator and see how easy it is to measure true.

We Guarantee Our Roll Size!

The toilet paper variant of
Triple Green Tissue;
made, as per the wider range,
from sugarcane waste fibre
(bagasse) with an elemental
chlorine-free process.

WHY WE CHOOSE...

sappi

Triple Green
Tissue

1

LOCALLY SOURCED

Bagasse, the primary pulp production fibre is sourced from local suppliers.

2

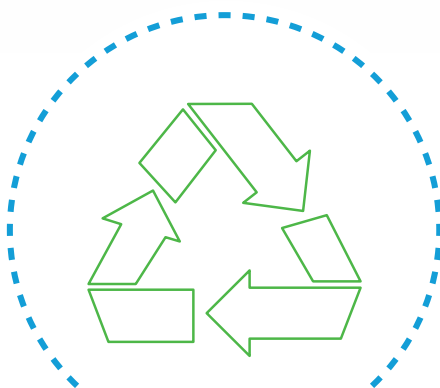

CHLORINE-FREE

The bleaching process is elemental chlorine-free.

3

SUSTAINABLE

The woodfibre used in the production process is obtained from sustainably managed plantations.
